Sample only. Review the details before using these worksheets for a real job.

GO3D rental paperwork

Paper records and digital planning

These are planning examples. The GO3D beta saves records in your browser; it does not connect to a cloud billing system, collect payments or provide shared team access.

Paper record	Intended digital counterpart
Invoice	Invoice and customer record
Agreement	Acknowledgment and timestamps
Checkout checklist	Kit serial and accessories
Return inspection	Photos and service flags
Adjustment notes	Staff approval and reconciliation
Archive	Searchable history and reporting

Sample only. Review the details before using these worksheets for a real job.
